ABDUCT CHILD IS CLAIM MADE

Mother of Little Girl Takes Child From Foster Mother

USE AUTOMOBILE

Mrs Claude Jarvis Made Futile Effort to Prevent Alleged Abduction and Is Injured In Fall From Auto.

Jessie May Javins, about two and a half years old, the adopted daughter of Mr. and Mrs. Claude Javins, of 108 North Fayette street, was abducted early last night by its mother, it is alleged. The child's mother is said to be Mrs. Minnie Landis, of York, Pa.

According to a statement made today by Mrs. Javins, an automobile drew up in front ofher residence early last night and a man and woman were in the machine. The man told Mrs. Javins that the mother wished to see Jessie. In a moment the child was brought out and the child was taken in charge by the mother and the man jumped into the machine and started, and as he did so Mrs. Javins realizing they were about to take her child, jumped on the running board of the machine and she clung on tenaciously and cried at the top of her voice for help as the machine sped along, and when the automobile reached Stone Bridge, at the corner of Duke and Peyton streets, a distance of four blocks from the Javins home, Mrs. Javins says she was either knocked or fell from the running board of the machine and the driver continued at a rapid pace going westward on Duke streets, and did not stop. Mrs. Javins today is sufering from shock and bruises as a result of the fall from the machine. She sustained bruises and contusions on her right arm and side.

Mrs. Javins claims she adopted the child May 5, 1921, in the corporation court of this city, although she says the child had been in her possession for the past nineteen months

It is reported that the mother now lives in York, Pa. The police of this city and Washington have been notified and every effort is being made to trace the child.

Immediately following a report of the alleged abduction, Chief Goods and Policeman Durrer set out in a motorcycle and followed up a cold trail of several miles in Fairfax county west of Alexandria in search of the automobile.

The alleged kidnapping of the child created considerable excitement in the neighborhood. Mrs. Javins says that despite her cries along the street no one attempted to give any aid by pursuing the automobile.

It was stated today that the mother of the child recently instituted legal proedings in the circuit court for the recovery of her daughter.

UPHEAVEL IN STREET

There was an unheavel of the vitrified bricks in the street on the north side of King between Royal and Fairfax streets early this afternoon. The gases beenath the bricks caused a small explosion. No one was injured. Employees from the city engineer's office soon were on the scene and made arrangements to repave the damaged street.

Bond Ordinance

Board of Aldermen Act on $300,000 Measure—G. W. Bontz, Jr., Named Clerk.

The board of aldermen held an adjourned meeting last night and adopted the ordinance providing for a bond issue of $300,000 to be known as street and general fund bonds. The bonds will be at interest at the rate of six per cent payable semi-annually. As soon as the mayor signs the ordinance the bonds will be offered for sale to the highest bidder. This ordinance was adopted by common council at an adjourned meeting held last Friday night.

Prior to passing the ordinance the board elected George W. Bontz, Jr., clerk. This board has been without a clerk since the death of Luther H. Thompson.

SUNDAY SCHOOL HEAD SHOOTS WIFE TO DEATH

Wilmington, N. C., July 27.—After shooting his wife to death and throwing the body in a swamp last Sunday morning, Ed. Sneed, negro, of Northwest Township, Brunswick county, proceeded to the Sunday School of which he is superintendent and calmly directed the services.

The body of his wife was discovered while Surday School was in progress and Sneed was arrested by Sheriff Lewis, when he left the church. News of the kiling reached this city today.

U. S. RAISED $29,000,000 FOR EUROPEAN CHILDREN

New York, July 27.—More than $29,000,000 was collected in this country and all but about $2,000,000 of it distributed for chief relief in the war torn sections of Europe up to May 31 by the European relief council, of which Herbert Hoover is chairman.

State News

Danville, Va.—Directors of a corporation are empowered under the Virginia laws to dispose of new issues of stock to the best interest of the corporation, Judge Richard S. Ker, of Staunton, held in an opinion handed down today in the case of Thomas Branch against the Dan River Mills. The decision is considered vital in that it is the first time this phase of corporate law has been passed on by the Virginia courts. Branch held he had the right to subscribe to an issue of $2,000,000 stock authorized in 1919, one share for every preferred share he owned. Ten directors, however, allottd the stock for sale among common stockholders exclusive of preferred holders, the price being fixed eblow the value of common stock.

Lynchburg,—A barn valued at $5,000 at the tSate Epileptic Colony was burned late last night, three work horses being burned and one so badly injured by fire that it had to be killed. The origin of the fire is unknown. The loss is partly covered by insurance. The colony board will meet tomorrow to take steps to rebuild.

Manassas—The Featherstone Farms, in Prince William county, sold by the Louisville Real Estate and Development Company, brought between $125,000 and $150,000. It was subdivided in farms ranging from three acres to 356. The largest tracts were purchased by H. M. Janney, of Occoquan. Washington people purchased most of the water fronts, and the prediction is that development of the property will start at once.

Danville—Owing to difficulty in securing a jury to try James A. Price, indicted for complicity in the attack made last March on the Halifax County jail, his trial at Houston was not begun until late yesterday afternoon. The hearing is expected to continue through tomorrow owing to the large array of witnesses. Then others under indictment will probably be tried jointly as soon as Prices case is finished. John Draper, tried at the last term was given a year in jail and a fine.

Danville—A special from Mountain Lake tells of the drowning there of S. L. Felder, of Troy, N. Y., who fell from a boat late at night and sank in sixty feet of water, his body being unrecovered. His wife and a party were in the boat at the time.

Suffolk,—After an all day session on the Suffolk City Court in the case of the contested will of Andrew Sheppard, a wealthy negro formerly of Suffolk and lately of Philadelphia, where the contestant, Andrew B. Sheppard, sought through his attorney to prove the will a forgery The jury returned a verdict last night, that the will in question is not the last will and testament of Andrew Sheppard. The case was one of unusual interest, Andrew Sheppard left an estate of more than $15,000, accumulated during his long life as Pullman car porter, and, according to the evidence of witnesses, it was shis wish that the estate should go to his second wife, Ahlie D. Sheppard.

GERMANS PLAN TRANSATLANTIC AIR LINE WHEN ALLIES PERMIT.

Berlin, Germany, July 27.—Germany will build transatlantic Zeppelin airships just as soon as the allies lift the ban on them and inventors once more are permitted to build them.

"In view of the pressure being brought to bear in France and England by American capitalists who are eager to invest money in getting a New York-Berlin line started, there is hope that the allies will soon withdraw their objections."

This was the report made at a general meeting of the Zeppelin Airship company stockholders by Director General Eckener of the Zeppelin wharves.

The Germans also are trying to get the allies to reconsider the demand that the big Zeppelin hangars at Friedrichshaen on the Bodensee, the birthplace of the Zeppelins, be destroyed, inasmuch as the plan is to make this the starting point of the transatlantic line which would touch France and Spain before flying over the ocean.

Herr Eckener is quite sure that the plans are practical, and predicts that hardly a year will elapse between the time the ban on airship building in Germany is lifted and that on which the first transoceanic flight is successfully carried out.

Count Brandenstein-Zeppelin, son-in-law of the late inventor, was made managing director at the annual meeting.

TRIBUNAL CONTROLS BANK

Paris, July 28.—The Banque Industrielle dle Chine, which recently filed a petition in liquidation has been placed temporarily under the judicial administration of a tribunal of commerce. This action was taken at the bank's own request following a meet ing of stockholders.

Entertainment

Benefit Association of Railway Employees Enjoy Social

Alexandria Dovision, No. 134, Benefit Association of Railway Employees, entertained its members and their families last night in their hall over Alexandria National Bank building.

A large crowd was present and braved the extreme hot weather as the B. A. R. E., always has some thing doing worth while for all those present.

A musical program was rendered by the orchestra after which there was an address by M. B. Thompson, conductor of Division No. 134.

Owing to several out of town engaements by the speakers for the evening there were no regular speakers present, but those attending had a good time.

One of the important events of the evening was the refreshment period which was greatly enjoyed.

The Benefit Association of Railway Employees is made up of over one thousand men from the Southern Railway, Richmond, Freedricksburg and Potomac Railway Company, and the Fruit Growers Express, and Division No 134, is just a branch of the large association which has over one hundred and forty-five Divisions in all parts of the United States, where ever there is a large ourch of well organized railway employes, and also all along the line.

The chief aim of the B. A. R. E. is to furnish fraternal protection for all railway employees regardless of the department, and can be secured from the president down to the water boy, and are offered the same benefit, and from last reports from the national office which is located in Chicago that severad more large divisions just been opened up.

Police Excursion

Expected They Will Carry A Capacity Crowd Tomorrow

The members of the police department will give an excursion tomorrow to Marshall Hall. A large numebr of tickets have been disposed of for this excursion and the indications are that it will be well patronized. Everyone wishing to spend an enjoyable outing should not fail to patronize the policemen's excursion. The police usually carry capacity crowds on their excursions each year. Funds derived from the excursion are applied to the uniform fund.

NEW SOURCES FOR TAXATION

White House and Congress Realize Need for More Revenue

MAY TAX AUTOS.

Increase In Cost of Postage Stamps To Three Cents Also Favored. Spenders' Tax Urged.

Washington, July 27.—With the Ways and Means Committee beginning hearings today on taxation revision, information came from both the White House and Congress indicating that the leaders are reaching out for new sources of revenue.

Chairman Lasker's call for $300,000,000 to meet the deficiences of the Shipping Board during the fiscal year just started, and the calls coming in from other governmental agencies for more money to meet the needs of the new fiscal year, compel the search for more revenue.

At the White House, it was indicated that a Federal tax on automobiles is being considered very seriously. At the conference several days ago between Chairman Fordney and Secretary Mellon there was favorable discussion of a Federal automobile tax to raise about $80,000,000. It is understood now that President Harding is very much inclined to favor such a tax, although no indication has come as to the amount he thinks

ELECTION BOARD HEAD CELEBRATES HIS 92D BIRTHDAY BY WORKING.

New York, July 27.—John R. Voorhis, head of the New York city board of elections, celebrated his ninety-second birthday anniversary today by doing as he does every other day, getting to his office at 9 o'clock and staying there all day.

Mr. Voorhis has been an officeholder for forty-eight years, though not continuously. He has been hearing protests for twenty-two years that he was too old to hold office.

Mr. Voorhis declared today he was thriving on work, and saw no necessity for breaking his schedule to celebrate a birthday anniversary. He takes no vacations, wears no glasses and hears as well as any one else in his office.

WALK 550 MILES TO KIN.

Jacksonville, Fla., July 27.—How a mother and her two sons, fourteen and sixteen years old, walked nearly six hundred miles in order that the mother might, for the last time, see her sister, fatally ill here, was revealed today after the funeral of Mrs. W. C. Chambers of this city.

SWIMMING IN STREET LATEST JOY FAD IN GREENWICH VILLAGE

New York, July 27.—Greenwich Village, local center for everything that is different in art, literature, music, dancing and dress, has brought forth another innovation. This time it is the street swimming party.

Several hundred adult villagers christened last night, with delighted whoops and gurgles, a swimming pool constructed in the middle of West 10th street. The pool, six feet wide, fourteen feet long and five feet deep, was built by firemen for children, but the grown ups lost no time in trying it out under Fire Chief Kenlons ruilng that adults would be permitted to use the fire department baths after the kiddies got through at 9 o'clock in the evening.

Costumes ranged all the way from regular bathing suits to what ever some of the bathers happened to have on when they sighted the pool.

Christening of the street swimming pool keeps the village just one jump ahead of other sections of New York, where the best adults can boast is the block shower party also just inaugurated under Chief Kenlon's ruling.

ADMITS FATHER TOOK BANK FUNDS

Chicago, July 27.—Vivian Spurgin daughter of Warren C. Spurgin, missing president of the closed Michigan Avenue Trust Company, who, with her mother, returned to Chicago from Detroit, where they fled following Spurgin's disappearance, has admitted that she had knowledge that her father had taken more than $50,000 of the bank's money before he fled, it was announced today by James R. McShane, assitant state's attorney, and Ben Newmark, chief investigator for the state attorney's office, who questioned Miss Spurgin and her mother upon their arrival here.

Miss Spurgin stated, according to the state authorities, that the information was given to her by her mother following a conference with her father during which he bade them good bye, and said he would probably never see them again. Both Mrs. purgin and her daughter are being detained for further questioning today by Mr. Newmark and Mr. McShane, who intimate that they believe the wife and daughter of the bank president know more than they have told.

Questioning of the women brought out that Spurgin and his wife had been estranged, that he told them he contemplated flight and turned over to them $75,000 worth of insurance papers, and gave each $750 in cash, when he told them he would probably never see them again. They fled to avoid publicity, they asserted

The search for Spurgin has developed two new clues, one leading to Ouray, Col., where he is said to have had mining interests, and the other to the neighborhood of Mobile, Ala., where it is said he had many friends.

Tucker Meeting

Richmond Man And J. Randall Caton To Address Gathering

Arrangements have been made by the Tucker Campaign Committee for a meeting to be held at the Opera House tomorrow night July 28.

In addiiton to a speaker of Statewide renown who is being sent on by the Tucker headquarters at Richmond especially for this occasion, J. Randall Caton, Jr., of this city, will also address the meeting upon the issues of the campaign.

H. Noel Garner, city corporation attorney, will preside. The Citizens' Band will furnish the music. The public is cordially invited.

STILL SEEK BASIS FOR IRISH PEACE

Dublin, July 27.—Eamon de Valera, the Irish republican leader, and his colleagues have not yet found a basis for the proposed conference with the British government on the Irish question in London, but are continuing to search for a common ground on which the contending parties can meet, it was stated in a well informed quarter here today.

At the Mansion House it was announced that the Sinn Fein cabinet still was considering the govquence, on statement could yet be authorized.

The Irish leaders have no immediate intention of summoning the Dail Eireann, the situation, it is declared here, since things have not yet reached the stage where any tangible proposal could be submitted to the Dail Eireann. The leaders are not considering the details of any system, but the means of securing an acceptable basis for a conference at which plans could be discussed.

The newspapers here emphasize the importance of summoning the Dail Eireann and print a list of 36 of its members in prison, whose release they demand.

The republican liaison officers for observance of the truce continue their work, notwithstanding some friction with the military authorities, who objected to the use of the official note paper of the Irish republican army, while being willing to recognize the liaison officers as the temporary representatives of the civil population.

"RAINMAKER" FULFILLS CONTRACT; WINS $8,000

Lethbridge, Alberta, July 27.—"Hatfield'es over the top; the $8,000 in his." This message was flashed out yesterday by F. S. Ratliff, secretary of the Medicine Hat United Agriculciation, which on May 1 contracted with the "rainmaker" from California, for four inches of rain at $2,000 an inch.

Hatfield staged his last battle with the elements recently. A four inch, bringing the total from May 1 up to 4.24 inches.

FOUR GUILTY OF MURDER.

Clinton, Tenn., July 27.—Otto Stevens, of Columbus, Ohio, and Oakdale, Tenn.; John McClure, of Baltimore; Tom Christmas, of Harriman, Tenn., and Charles Pebree, of this town were found guilty of murder in the first degree here yesterday and sentenced to be electrocuted at Nashville next September 15. Motion for a new trial will be heard, probably July 3.

Negroes Nominate

Full Ticket For State Offices To Be Voted On In November
(Special to the Gazette)

Richmond, July 27.—Acclaiming their candidate for chief executive as the next Governor of Virginia, negroes from every part of the state in a convention held in True Reformers Hall here last night, nominated tentatively a full state ticket for state offices at the general election to be held in November.

Barred from the Republican convention in Norfolk, negroes of Virginia, led by Joseph R. Pollard, a Richmond attorney, who was a candidate for United States Seantor at the last senatorial election, met in the first convention of its kind here since carpetbagger daws and put up their slate independent of their white Republican cohorts.

John Mitchell, editor of the Richmond Planet, president of the Mechanics Savings Bank of Richmond, and a committee chairman of the American Bankers Association, was nominated for Governor on the tentative slate. A full and final state convention will be held at Richmond September 5. A preliminary convention will be held at Buckroe Beach August 6 to formulate a plan of organization designed to reach every precinct in the state

P. B. Young, of Norfolk, was nominated for Lieutenant Governor. Young is president of the Tidewater Bank and Trust Company and editor of the Journal and Guide. J. Thomas Newsome, of Newport News, and Joseph R. Pollard, of Richmond, was nominated for attorney general.

Mrs. Maggie L. Walker, president of St. Luke's Savings Bank of Richmond, and president of the Independent Order of St. Luke. said to represent 200,000 negroes in the United States, was nominated for superintendent of public instruction.

It was unanimously decided to nominate full state, city and county tickets. It is expected that the September 5 convention will make the tentative nominations permanent. City and county convention will be held to nominate members of the house of delegates, sheriffs, city sergeants, commonwealth's attorneys, etc., after the September convention.

Sixty-eight delegates were present representing all parts of the state. Norfolk, Richmond, Petersburg, Roanoke, Lynchburg, Newport News Staunton, Hampton, Bristol, Fredericksburg, Charlottesville and a few of the counties were represented.

Resume Operations

Klots Silk Throwing Company's Plant Now In Operation

After having been closed for about a year, the local silk mills of the Klots Throwing Company of New York, resumed operations last Thursday. At the present time the mill is operating with about forty girls, but it is stated that the force will be increased as competent operators can be secured. The mill is under supervision of H. A. Zeigler.

The mill prepares the raw silk for the weavers. This mill is well equipped with up-to-date machinery and when operating at full capacity requires about one hundred skilled spinners.

BAND SWEARS TO COMBAT KU-KLUX KLAN IN TEXAS.

Beaumont, Texas., July 27.—Organization of a band of men to combat the alleged activities of the Ku-Klux Klan in southeast Texas, with the announced intention of conducting open warfare against members of the klan, if necessary, "because officers have not the nerve or desire to place under arrest its members who have violated the law," is said to have been effected.

First announcement of the new organization was set forth in a communication addressed to the Ku-Klux Klan and sent to a local newspaper for publication.

Squads of "special service men," the notice stated, "have been appointed to locate members of the klan." It added that summary punishment would be inflicted upon any who are found. The communication says, in part:

"We have formed a club, or mob you may call it, of more than 100 fearless men, and we are going to stop you people with hot lead and hot steel at the first opportunity, and that will not be far off. We have sworn vengeance on such people and will shoot down like a mad dog men whom we learn to be members of the klan."

The communication was signed "Anti-Ku-Klux Klan of Southeast Texas."

ALEXANDRIA'S ATLANTIC CITY

Colonial Beach has been termed Alexandria's Atlantic City. But alas! how can her citizens conveniently reach that most desirable summer resort? As it is, they have now to go to Washington to take the boat, and go to Washington again before reaching home on the return trip.

It seems ridiculous that the city of Alexandria should not be considered of enough importance by the steamboat companies to include it in their itinerary up and down the Potomac. But such is the fact. In former days they would never have dreamed of this contemptuous treatment. Even today, when Alexandria is made a stopping place, the boats arrive long after midnight, and it is almost preferable to continue on to Washington to gain the extra sleep.

We believe if this matter were properly taken up with the steamboat authorities, that it could be so adjusted that this city would again be placed on the map and the people restored to their former privileges as regards river travel. During the summer months they are certainly entitled to every facility in taking advantage of a most favorable situation as regards the resorts afforded them by geographic location.

Torpedo Plant Labor Board Will Receive Applications

The United States Civil Service Commission announces that on and after August 1, 1921, and until further notice, the Labor Board at the U. S. Naval Torpedo Station, Alex., Va., will receive applications for the position of Helper, Blacksmith.

Application blanks and information may be secured either in person or by letter from the Labor Board, U. S. Naval Torpedo Station, Alexandria, Va.

LIGGETT USES FORTUNE TO PROTECT CREDITORS.

Boston, July 27.—The announcement that the personal assets of Louis K. Liggett, president of the United Drug Company, had been placed in the hands of trustees of a result of the decline of the common stock of the United Drug Company in the last twenty-four hours was made today.

The announcement was made by Frederick C. Snow, Mr. Liggett's attorney. The statement said:

"Owing to th edecline in the market value of the United Drug Company comman stock in the past twenty-four hours, Mr. Lousi K. Liggett has transferred his assets to F. C. Dumaine, Frank W. Remick and Neal Retual, as trustees, for the protection of its creditors. The personal affairs of Mr. Liggett are alone involved."

Mr. Liggett, whose rise from a drug clerk in Detroit to the presidency of the United Drug Company, which he organized by bringing together corner drug stores in many places, was rated many times a millionaire before the collapse of stock market and commodity values during the last year. Since that time depreciation of his personal fortune was so extensive that he found it necessary to dispose of his stable of show horses and to make other economies.

Our City Gas Works

There has been a constant repetition of complaints concerning the city's gas recently, that should command attention from the proper authorities, whoever they may be. Where there is practically a unanimity of complaint, something must be wrong somewhere?

We have invited the superintendent of the city's gas plant to make a frank statement as to the justice or injustice of these complaints, tendering him the use of these columns for that purpose. We did this some weeks ago, and on his statement that he was about to go on a brief vacation, consented to wait till his return before taking up the matter in behalf of the citizens. He has returned and gives us two reasons as to why he cannot now present his side of the question: One is, that he is too busy; and the other is that he has no authority to make any statement, but will see the Gas Committee, and report later. Our readers will understand what this means.

The superintendent also states that the fault of the poor gas service today is owing to the faulty connections in the houses and shops and not due to the gas. This may or may not be true. But if true why cannot those in authority, in common decency, make an explanation to the people that will enable them to remedy a situation that is little short of disastrous. We have endured the hardships of poor gas for years. This means a burden on those women who use gas for cooking that should not be imposed on them, especially during the insufferably hot summer months. As to the shops, the Gazette is frequently delayed in going to press for no other reason than it cannot heat the metal in its linotype pots by our city gas sufficiently or quickly enough.

There is no necessity for this. We, the citizens, are paying high prices—we understand far in excess of other cities—and we are paying good salaries and wages, and at least market prices for all the raw products that enter into the manufacture of gas. We should now get down to facts. The present condition is intolerable and has prevailed for months, if not years. It is time that the citizens of Alexandria take this matter into their own hands and become active. There is an ancient law maxim that wherever there is a right there is a remedy. Alexandria has a right to get good service when it pays for it. If it does not, there is surely a remedy.

There are two things the Alexandria Gazette is going to demand of those who are in charge of our gas plant:

First. Better gas and service.

Second. That the price of gas be reduced from one dollar and eighty cents to one dollar. There is no one to take up the cause of the people except the Gazette, and we are now committed to this task and propose to see it through to a finish. We propose, likewise to give those who are responsible for these matters ample opportunity to present their side of the case in these columns.

SCHOONER ESPERANTO ABANDONED AS WRECK

Gloucster, Mass., July 27.—The schoonr Esperanto, winner of the races for the international fishing vessel championship in Nova Scotian waters last fall, has been abandoned as a hopeless wreck on the rips off Sable Island, N. S., where she foundered recently.

Word that the speedy Gloucesterman, four times floated, only to sink again, was breaking up caused abandonment today of a second project to float her which was being undertaken here.

FIVE STILLS RAIDED

Lynchburg, Va., July 27.—As a result of raids on five moonshine stills in Bedford county, Federal Commissioner O'Brien here has held John Beilenberg of Big Island for the next federal grand jury. Beilenberg is charged with operating one of the outfits.

No arrests have been made in the four other cases, but the five arids resulted in five or six gallons of liquor being destroyed. All of the stills appeared, teh revenue agents said, to have been in operation some months.

OFFICIAL

Board of Aldermen

At an adjourned meeting of the Board of Aldermen held Tuesday night, July 26th, 1921, there were present, C. J. W. Summers, Vice President and Messrs. Anderson, Robinson, Harrison, Wilkins and Batcheller.

George W. Bontz, Jr., was elected Clerk of the Board. An ordinance for the issue and sale of Three Hundred Thousand Dollars, $300,000.00), of registered or non-registered coupon bonds of the City of Alexandria, Virginia, called street improvement and general fund bonds, to provide a Sinking Fund for payment of said bonds, and to designate and describe the form of bonds issued by authority and under provisiors of this ordinance," which passed the Common Council Friday, July 22nd, 1921, was received.

The ordinance was read the second and third time and passed by the following vote, Ayes Messrs. Anderson, Robinson, Harrison, Wilkins, Bacheller and Mr. President.

Geo. W. Bontz, Jr., Clerk.

STAR FACTS

(For the Gazette.)

Mars is the fourth planet from the sun.

Jupiter is the largest planet in our solar system.

The light of the North Star is estimated to be 190 times stronger than that of the sun.

Mercury and Venus are the only planets that have no moons. Counting our own moon, the system of planets possesses no less than twenty-seven moons.

The asteroids are the numerous small planets whose orbits are situated between those of Mars and Jupiter.

Venus moves around the sun at an average speed of twenty-two miles a second.

The number of stars that can be seen by a person of average eyesight is only about 7,000. The number visible through a telescope is from 70,000 to 100,000.

Neptune has a diameter of 24,800 miles. It is about 2,792,000 miles from the sun. Its period of revolution is about 165 years and it is about 85 times larger than the earth.

Saturn is not quite so large as Jupiter. Its grand array of rings and satellites, however, renders it the most stupendous object in the solar system. To the naked eye, when near opposition, it shines as a bright star of the first magnitude.

The brilliant star Spica is 13,000 times as bright as the sun, while Canopus, a very bright star in the South Polar sky, is 55,000 times as bright as the sun. Spica and Canopus are both about 500 light years from us.

How To Revitalize Wornout Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalize wornout, exhausted nerves and give you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.

TWO U. S. FLYERS KILLED

Coblenz, July 27.—Two American aviators, Lieut. Carl Derby Gunther of Frankfort, Ind., and Corp. L. O. Rogers, of Hillsboro, Te., were killed yesterday when their airplane crashed at Weissenthurm Field, near here.

The airplane, which burst into flames as it fell, was said by spectators to have developed engine trouble immediately upon taking off, and to have started falling at an altitude of 150 feet, when Lieut. Gunther tried to turn back for a quick landing.

MAN, WIFE, AND GEMS ARE HELD UP AT PIER

New York, July 27.—Max Fisher, a merchant, and his wife, Marie, were questioned yesterday for 3 hours by custom guards at pier 15, Hoboken, after, it is alleged, Fisher was detected passing $10,000 worth of jewelry over the pier fence to a boy, said to be his son. They were released, but their baggage jewelry and personal effects were held pending investigation, and they were told to report today at the custom house for explanations.

Fisher is alleged to have said he did not declare the jewelry because it was not his but belonged to friends, who, he supposed, had made arrangements for declaration and payment of duty. Before he was allowed to go, however, he was taekn back to his stateroom on board the Oscar II, on which he arrived, and searched.

SIX UNMASKED BANDITS ROB BANK OF $11,000

Jacksonville, Fla., July 27.—Six unmasked bandits robbed the Bank of South Jacksonville, across the St. John's river from here, of cash estimated at between $7,000 and $11,000 shortly before 10 o'clock today.

The bandits, who, bank officials said apparently were foreigners, drove up to the bank in a touring car, left the motor running with a man at the wheel, and five of them entered. There were no customers in the place at the time, and while three of the men covered the bank employes the other two gathered all the cash in sight. After the robbery the bandits entered the car and reports indicate they crossed the highway bridge over the river and entered Jacksonville.

LANDLORD ASK $2 FOR MERE LOOK AT RENTS IN TORONTO

Toronto, July 27.—Some landlords here are asking prospective tenants $2 for the privilege of looking at apartments.

Complaining to the newspapers today about it, one househunter said a landlord told him the $2 would not apply on the rent if he should accept the apartment.

"I charge you $2 to look at the place," said the landlord, "It has nothing to do with the rent."

SHUTTLE CAR HITS AUTO, WHOLE FAMILY KILLED

Cleveland, July 27,—Five persons who were killed, four of them almost instantly, when a shuttle car on the Subbey avenue viaduct and an automobile crashed head-on shortly after midnight were identified this morning. One family was wiped out when John M. Francky, forty, a garage owner; his wife, thirty-seven, and their two children, Edna Mary, aged ten, and Theodore, aged nine months, were killed. The fifth person killed was Mrs. Anne B. Branloff, thirty-nine, Ma Branloff, forty, her husband was seriously injured.

Each of the dead sustained a fractured skull.

The cause of the accident, accordingto police, was the operation of a shuttle car east on a west-bound track, the east boun dtrack being under repair. The motorists were westbound and when they saw the street car on the west-bound track they apparently thought it was traceling in the same direction as their automobile.

The automobile in which the two families were riding had been left in Francyk's garage for repairs, police said.

Danville,—A notice was issued today by the city health authorities declaring that milk driving in Danville over a temperature of 70 fahrenheit will be condemned as retail milk and must be shipped back to the producer or else used in the manufacture of butter. A recent investigation of milk revealed that it was reaching Danville at high temperature. This is due to the producers having no icing facilities and depending upon prompt transportation to Danville.

Newport News—Homer L. Ferguson, president and general manager of the Newport News hipbuilding and Dry Dock Company, leaves today for Washington to confer with Secretary of the Navy Denby relative to the proposal to convert the battle cruiser Saratoga, Lexington and Constellation into airplane carriers and stop work on several war craft, among them the battleship Iowa and the cruiser Constitution, both of which are building here.

Norfolk—"Gypsy" Smith, perhaps the most noted evangelist of his type in the world, will come here on November 27 and remain until December 18. He will use the "Billy" Sunday tabernacle. The committee to handle the campaign has been appointed and is hard at work to make the meeting a big success.

Lynchburg—A gallon of corn liquor and a new seven passenger automobile were captured here Monday night by the police, a negro chauffeur making his escape. The car, which had a pasteboard license number only, is believed to have been stolen.

Norfolk—Damages of $10,000 for the death of 13 year old Benjamin Askew on June 10 when thrown from a wagon and instantly killed on the farm of Warren and Albert C. Swain, Princess Anne county, are asked in a suit filed in the court of law and chancery by Lucy Askew, administratrix. The plaintiff states that Benajmin was employed as a hand on the farm and that on the day in question he was ordered by the plaintiff to take charge of a pair of wild males, harnessed to a wagon with a flat floor and no sides.

Lynchburg,—When Arthur Finkel, son of J. M. Finkel, this afternon, could not make people around the new swimming pool at Miller Park believe that a boy was drowning, he said he would go to his mother who would believe him. C. R. Warthern, supervisor, returning from lunch, heard of the rumor and later the body of Milton Horwitz, 8 year old son of Herman Horwitz, was recovered from the pool.

Charlottesville,—During the electrical storm yesterday afternoon, lightning struck the hay barn belonging to William G. Moler, at "Sunnyfields," just south of Monticello, and destroyed it, together with its contents, consisting of between 600 and 700 bushels of oats, fifteen tons of hay, a lot of straw and a threshing machine. A gasoline engine was also damaged. The loss, which is estimated at between $4,000 and $5,000., is only partially covered by insurance. Fifteen men and boys were threshing in the building when the bolt struck, but all escaped with slight shocks.

Exmore,—Fishermen of the Walker Fish Company, of Willis Wharf, have caught what is believed to have been the largest shark ever seen on the Eastern Shore. The monster measured ten feet 6 inches in circumference; the distance across its jaws, which incased six rows of vicious looking teeth, being 24 inches and its weight 1,200 pounds.

Petersburg—Fire wrecked the cotton and peanut warehouse of Martin and Sons, here early this morning, causing a loss estimated at over $100,000, partially covered by insurance. Starting on the fourth floor of the building by spontaneous combustion, the blaze quickly devoured several thousand bales of cotton and bags of peanuts in the warehuse, and threatened the destruction of the entire row of adjoining warehouses. Heavy firewalls and heroic work of the firemen confined the blaze to the Martin building. Stock in the adjoining places was damaged by water. Lives of several firemen and several hundred spectators were endangered when a wire carrying 15,000 volts fell on Bank street, throwing that section of the city into darkness.

Charlottesville—Sensational developments are expected in connection with the crime of Saturday night, when teh home of Mrs. J. F. Day located on the city's most prominent residential street, was entered by two white men, who violently attacked Mrs. Day and stole $147 that had been placed in a trunk in the hallway, and took $40 from the pockets of a boarder in the house.

THAT DULL ACHING.

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor! Read this statement:

Mrs. L. C. Nalls, 911 Duke St., Alexandria, says: "I could hardly get around the house my back was so weak and sore and when I got down it was almost impossible to straighten again. I couldn't rest at night and mornings I felt so weak and tired it was all I could do to dress. My kidneys acted irregularly and caused me a great deal of misery. My head ached a great deal; it was a dull, steady pain. I got Doan's Kidney Pills at Summers' Drug Store and the first box did me so much good I used another. My back stopped aching and my kidneys have not caused me any trouble since."

Mrs. Nalls gave the above statement on April 10, 1915 and on March 15, 1919, she added: "I was pretty bad off with kidney trouble and nothing helped me the way Doan's Kidney Pills did."

BRITISH FLEET.

A dispatch received from the agent below by the post-master general, states, the British squadron left the Potomac on Sunday morning about 8 o'clock. It was supposed they had gone up the Chesapeake; if so, we may expect important news from Annapolis or Baltimore this day.

WAGES 20 CENTS PER DAY IN 1813.

There being no laborers at these astonishingly brisk times, the citizens are called on to perform fatigue duty at Washington City; in other words they must expose themselves in all weathers in the laborious exercise of the spade and pick-axe; making fortifications—taking the bread from the mouth of the miserable laborer and his starving family!—This is done among the Turks; but in all Christian countries building public works, being the life and harvest of the working man, is not withheld from him. Necessity is the mother of invention, and has taught our knowing ones the economical mode of building forts at 20 CENTS PER DIEM, FOR LABORERS. . . . . Our citizens justly complain that instead of erecting an additional battery at, or adjacent to Fort Warburton, which would effectuatly defend the important town of Alexandria, as well as Washington and Georgetown, one hundred of our citizens, in addition to hundreds gone before on different services, are taken away to build bulwarks in our rear; which of course, can only be of service when our own place is overrun or destroyed. So we go, tail foremost!

LUCKY ANIMALS TREATED WITH $400,000 RADIUM.

New York, July 27.—Animals, as well as humans, now are being treated with radium for incipient cancer.

Dr. George W. Little, surgeon at the animal hospital of the Society for Prevention of Cruelty to Animals, said today that interesting results had been obtained with radium in treatment of horses, dogs and cats. A store of radium valued at more than $400,000 and owned by Memorial Hospital is used on the animals.

NEW SOURCES FOR TAXATION.

(Continued from page one)

ought to be raised. It is realized that a sum very much in excess of $80,000,000 could be got easily from the automobiles, and it may be needed.

The President, it is said, feels that bearing in mind the pressure on the Government for money, the automobiles are a natural and appropriate source of funds, since many millions that the Government has spent and will spend go for improved roads from which the motorists get the most benefit. In addition to the funds already spent on roads, under the Federal Aid acts, $100,000,000 is proposed to be spent this year under the Townsend bill, and the President is understood to hold very strongly that the motorists, should be called upon to help carry the load.

Another tax understood to be very favorably considered by the President would be applied in the form of an increase in the cost of postage stamps from two cents to three cents. This increase is reported to be favored by experts in the Tresaury Department as one of the surest sources of increased revenue and one of the least costly to the Government in collection. Also, it is said, at least part of the proceeds of the increase will be needed in the Postoffice Department, which may show an appreciable deficit if not aided.

All the information coming out of the White House and of Congress confirms the reports that in the search for new sources of revenue the sales tax will not be used, although pressure from certain business interests in favor of such a tax, in one form or another, continues to manifest itself, and appeared today in the hearings before the Ways and Means Committee. In the background a feeling is to be found that some such tax will be instituted before many months have passed, but its most earnest advocates have abandoned hope of such a tax at this time.

Differences of opinion developed today as to the date when the new tax bill will be passed by the House. At the White House it was stated quite positively that the President expected the bill to be passed and sent to the Senate by August 6. But leaders in the House, dealing with the taxation problem, stated it would be impossible to pass the bill by that time. They thought it would take at least twice as long, saying that the best they hoped to do was to get the measure through the House in three weeks. They thought about two weeks would be needed to write the bill, after the hearings are over, and several days needed to put it through the House, after it is written and reported.

The hearing of the Ways and Means Committee today was unproductive, and it appeared that several members of the committee believed there has been for months past so much public discussion of major changes in internal taxes that hearings are of little value, and the thing to do is to go into executive session as quickly as possible, and work out the details of such general and accepted propositions as the repeal of the excess profits tax, the lowering of the surtaxes on individual incomes, the raising of the taxes on corporations and the imposition of such new taxes as are necessary.

Ogden L. Mills, of New York, was before the committee with the interesting scheme for a spenders' tax, but while the members were attentive there is no reason to believe that they were convinced, Mr. Mills' idea is let the present basic exemptions on incomes stand, and then, beginning at some such figure as $5,000, apply an increasing graduated tax on all income that is spent.

F. P. Miller, of Pennsylvania, a folding box manufacurer, argued that all should pay the same rate of income tax. He wanted a tax of one per cent. on all income expended, and proposed to raise about $4,000,000,000 additional revenue by what he called a "purchasers' tax." He said he would tax practically everything bought. Representative Longworth told him, in a manner that suggested dismissal, that his proposal was for a "pure consumption tax."

Amendment of the estate tax provision of the revenue law so an estate would not be required to pay more than one tax in five years was urged by U. C. De Ford, a lawyer of Youngstown, Ohio. The witness cited an instance where, through the death of a husband and his widow within a period of nine days, the same estate had been taxed twice within that time.

A FRIEND of mine.
WHO COULDN'T speak.
A WORD of French.
WENT TO Paris.
AND THE first time.
HE HAD to get.
A HAIRCUT and shave.
HE PRACTICED an hour.
MAKING SIGNS.
IN THE looking glass.
SO THE French barber.
WOULD UNDERSTAND him.
AND THEN he went in.
AND WIGGLED his fingers.
THROUGH HIS hair.
AND STROKED his chin.
AND THE barber grinned.
AND FINISHED the job.
THEN MY friend thought.
HE'D BE polite.
SO HE gave the barber.
AN AMERICAN cigarette.
WHICH THE barber smoked.
AND MY friend pointed.
TO HIS mouth.
AND SAID "Likee voo."
AND THE barber roared.
AND SAID "You BET.
I USED to smoke 'em.

MASONIC NOTICE

Companions—Mt. Vernon Chapter, No. 14, R. A. M., will hold a called Convocation Thursday evening, July 28th, at 7:30, for work in the Chapter Degrees.
By Order of the H. P.
176-3c. F. W. Latham, Secty.

IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF VIRGINIA.
Virginia Shipbuilding Corporation,
Plaintiff, vs. United States Shipping Board Emergency Fleet Corporation and the Groton Iron Works, a Corporation organized and existing under the laws of the State of Maine, having its principal office and place of business in the town of Groton, County of New London, Connecticut.
MEMO.
The object of this proceeding is to have a settlement of the accounts between the plaintiff, Virginia Shipbuilding Corporation and the United States Shipping Board, Emergency Fleet Corporation and in connection therewith a settlement of accounts between said United States Shipping Board Emergency Fleet Corporation and the said Groton Iron Works, so far as the settlement of accounts between the latter two corporations may be necessary or practicable or material in settling the accounts between the plaintiff and said United States Shipping Board Emergency Fleet Corporation.
An affidavit having been made and filed that said Groton Iron Works is non-resident of this State and that service cannot be had upon it in this State, and that its last known Post Office address is the town of Groton, County of New London, Connecticut, it is ordered that said Groton Iron Works do appear in this Court in said cause within ten days after due publication hereof and do what may be necessary to protect its interest in this proceeding. It is further ordered that a copy hereof be published once a week or six successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Virginia, and that a copy be posted at the front door of the Court House of the Corporation Court of the City of Alexandria, Virginia and at the front door of the Post Office building in the City of Alexandria, Virginia, wherein the United States District Court for the Eastern District of Virginia, is held, on or before the 18th day of July, 1921, that being the next succeeding rule day after this order is entered, and that a copy hereof be mailed to Groton Iron Works at its last known Post Office address in the town of Groton, County of New London, Connecticut.
A Copy Attest,
JOSEPH P. BRADY, Clerk.
By Wm. P. WOOLLS, Deputy Clerk
J. K. M. Norton,

DECISIVE GAIN FOR GREEKS.

Constantinople, July 27.—The Turkish attack on the Greeks just after the latter had occupied Eski-Shehr last Thursday, and the counter-attack in which the Kemalists were badly beaten, has proved to be a more decisive and bigger battle than that of Kutsia.
The action extended along the whole line from Seidi-Ghazi, in the Northeast, to Bilejik, in the Northwest.
The Turks averted the encirclement, possible at the price of a general defeat, for if the Greeks can strike again the escape of the retreating army is doubtful.

TO SAIL ALONG COASTS VIA CANAL IN 15-FOOT BOAT.

Halifax, N. S., July 27.—Bound for Vancouver via the Panama Canal, Capt. J. T. Day, Harry Inglis and J. H. Morrison put off from here today in a 15-foot boat.
Their only motive power will be a small sail, jib and oars. They expect to follow the coast line and pass through the canal.

S. S. MAURETANA AFIRE AT SOUTHAMPTON DOCK

Southampton, July 27.—Fire broke out today in the first cabin of the Mauretania, of the Cunard Line, sister ship of the old Lusitania, and, spreading rapidly, developed into a serious conflagration. At 8 o'clock many hours after the outbreak, the flames were still beating into the interior of the great steamship and it was certain that the fire fighters would be at work the entire night.

HEALTH OF WOMEN.

How many perfectly well women do you know? Isn't it true that in order to keep up with the march of progress the endurance of woman is often strained to its utmost, and the tax upon her physical system is in many cases greater than she can stand. Headaches develop, and nervous irritability, backache, dragging down sensations, and other painful ailments peculiar to women. The reliable remedy when a woman gets into such a condition is Lydia E. Pinkham's Vegetable Compound, as for nearly half a century it has proved the natural restorative for these troubles.

The Alexandria Torpedo Station baseball team defeated the Speedway A. C. Saturday afternoon on North Alfred street diamond by the score of 12 to 11, in a ten winning contest. The Speedways held the local boys 8 to 4 in the sixth when Jannett came to bat with two out and one man on landed a homer, and Conroy next man up followed suit, scoring three runs in sixth, making teh score 8 to 7 at the ending of the sixth which after that both teams fought hard to the finish and the local boys came cut on top, victorious.

Conroy, first baseman for the local boys, received three singles, one double one tripple and one homer out of six times up. The batteries were for A. T. S., Sampson and Tullock, Savage for S. A. C. Barrett, Nichols and Frere.

The local boys have a hard fight in front of them Saturday when they will line up against the Bolling Field Aviators for the second time this season, the first time the A. T. S., defeated them on their own grounds by the score of 7 to 4. The game this Saturday will be played on North Alfred street diamond, game to start at 3:00 p. m., sharp. A good game can be expected. All fans are invited out to see this game

On Saturday of this week, the Dreadnaught A. C. will meet one of the fastest ball clubs that ever left the District of Columbia. They are the Washington All Stars, a team composed of the best players in the city of Washington. For the benefit of the Saturday fans, Manager Allen has arranged for this star aggregation to perform here (under a heacvy expense), and it is hoped that there will be a large atterdance. From now on the Dreadnaughts will not try to slight the Saturday fans, the best teams in the country will be brought here both on Saturday and Sunday, and all we ask is support and you will receive the best brand of ball ever offered to the fans of Alexandria. The team mentioned above held the Washington American League team to a 4 to 0 score in 1919, and the same bunch has been playing together ever since.

On Sunday of this week, the Clarendons will be entertained in Alexandria for the second game of Northern Virginia Amateur Championship, though the Clarendon lost the first game by the score of 3 to 0 in a hard fought game. They are coming here with a determination to take the second game, and the fans can look for a stubborn battle The game will start promptly at 3 o'clock. Come early and get a seat.

On the following Sunday the Reno will perform in this city. The following is the batting average of the Dreadnaught A. C.

ALLIED COUNCIL TO MEET AUGUST 4 IN PARIS.

London, July 27.—The Allied Supreme Council will meet in Paris August 4, according to an official announcement this morning. It is understood that the session will be brief, dealing only with the Silesian question. Marquis Curzon, Secretary of State for Foreign Affairs, and A. J. Balfour, Lord President of the Council. will represent Great Britain, as it is improbable Prime Minister Lloyd George will be able to leave London.

The British experts who will examine the Silesian question before the Council meeting already have left for Paris.

It is understood that Ambassador Harvey will attend the Supreme Council session in an advisory and unofficial capacity.

PEACE RESOLUTIONS PLAN TO HARDING WITHIN WEEK.

Washington, July 27.—Recommendations relaitve to the issuance of a peace proclamation probably will be submitted to President Harding within the next week, Attorney-General Daugherty announced today.

Mr. Daugherty said that the study of the vast amount of wartime legislation necessary in order to advise the President of the effect of a peace proclamation on the status of wartime laws was progressing rapidly and he hoped to forward his opinion in the course of a week.

The study was being conducted with the utmost thoroughness, he added, in order that every possible point would be covered in the recommendations.

FEARED THAT SHE COULDN'T RECOVER.

But Schoolfield Woman Is Soon Restored To Health After Taking Tanlac.

"I'll never forget Tanlac, for it restored my wife's health after she had suffered until I thought nothing in the world could help her," said Booker Sandridge, 24 Lee St., Schoolfield, Va.

"I'll never forget the friend that told us about Tanlac, either, for it was one of the greatest favors anyone ever did me. It's been over a year now since my wife took Tanlac, but it did its work so well she's still feeling fine and thinks like I do that there is nothing like this medicine. Her troubles started with an awful cold which developed into pneumonia and pluersy and left her in such an awful condition she could not take more than a teaspoonful of nourishment at a time and many times couldn't even swallow that much. I took her to the hospital, where she was operated on and stayed for twenty-two days. But she came home in as bad a fix as ever, and we both thought she never would be well any more.

"One night a friend called to see us and told me not to be discouraged, that Tanlac would help her. Well, I didn't sleep any that night from thinking about Tanlac and what my friend had said. Early the next morning I went down to the drug store and got a bottle of Tanlac, and before the end of the week I noticed a change for the better in my wife's condition. She began eating, and by the time she finished her fourth bottle she was doing all her housework. After taking six bottles, she felt so well she stopped taking it. She picked up twelve pounds in weight and said she felt as well as she ever did. I've never seen her looking better than she does right now. Just give me Tanlac, and you can have all the other medicines."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and leading druggists everywhere.

The Speedways held the local boys 8 to 4 in the sixth when Jannett came to bat with two out and one man on landed a homer, and Conroy next man up followed suit, scoring three runs in sixth, making teh score 8 to 7 at the ending of the sixth which after that both teams fought hard to the finish and the local boys came out on top, victorious.

Conroy, first baseman for the local boys, received three singles, one double one tripple and one homer out of six times up. The batteries were for A. T. S., Sampson and Tullock, Savage for S. A. C. Barrett, Nichols and Frere.

The local boys have a hard fight in front of them Saturday when they will line up against the Bolling Field Aviators for the second time this season, the first time the A. T. S., defeated them on their own grounds by the score of 7 to 4. The game this Saturday will be played on North Alfred street diamond, game to start at 3:00 p. m., sharp. A good game can be expected. All fans are invited out to see this game

On Saturday of this week, the Dreadnaught A. C. will meet one of the fastest ball clubs that ever left the District of Columbia. They are the Washington All Stars, a team composed of the best players in the city of Washington. For the benefit of the Saturday fans, Manager Allen has arranged for this star aggregation to perform here (under a heacvy expense), and it is hoped that there will be a large attendance. From now on the Dreadnaughts will not try to slight the Saturday fans, the best teams in the country will be brought here both on Saturday and Sunday, and all we ask is support and you will receive the best brand of ball ever offered to the fans of Alexandria. The team mentioned above held the Washington American League team to a 4 to 0 score in 1919, and the same bunch has been playing together ever since.

On Sunday of this week, the Clarendons will be entertained in Alexandria for the second game of Northern Virginia Amateur Championship, though the Clarendon lost the first game by the score of 3 to 0 in a hard fought game. They are coming here with a determination to take the second game, and the fans can look for a stubborn battle The game will start promptly at 3 o'clock. Come early and get a seat.

On the following Sunday the Reno will perform in this city. The following is the batting average of the Dreadnaught A. C.

ALLIED COUNCIL TO MEET AUGUST 4 IN PARIS.

London, July 27.—The Allied Supreme Council will meet in Paris August 4, according to an official announcement this morning. It is understood that the session will be brief, dealing only with the Silesian question. Marquis Curzon, Secretary of State for Foreign Affairs, and A. J. Balfour, Lord President of the Council. will represent Great Britain, as it is improbable Prime Minister Lloyd George will be able to leave London.

The British experts who will examine the Silesian question before the Council meeting already have left for Paris.

It is understood that Ambassador Harvey will attend the Supreme Council session in an advisory and unofficial capacity.

PEACE RESOLUTIONS PLAN TO HARDING WITHIN WEEK.

Washington, July 27.—Recommendations relaitve to the issuance of a peace proclamation probably will be submitted to President Harding within the next week, Attorney-General Daugherty announced today.

Mr. Daugherty said that the study of the vast amount of wartime legislation necessary in order to advise the President of the effect of a peace proclamation on the status of wartime laws was progressing rapidly and he hoped to forward his opinion in the course of a week.

The study was being conducted with the utmost thoroughness, he added, in order that every possible point would be covered in the recommendations.

FEARED THAT SHE COULDN'T RECOVER.

But Schoolfield Woman Is Soon Restored To Health After Taking Tanlac.

"I'll never forget Tanlac, for it restored my wife's health after she had suffered until I thought nothing in the world could help her," said Booker Sandridge, 24 Lee St., Schoolfield, Va.

"I'll never forget the friend that told us about Tanlac, either, for it was one of the greatest favors anyone ever did me. It's been over a year now since my wife took Tanlac, but it did its work so well she's still feeling fine and thinks like I do that there is nothing like this medicine. Her troubles started with an awful cold which developed into pneumonia and pluersy and left her in such an awful condition she could not take more than a teaspoonful of nourishment at a time and many times couldn't even swallow that much. I took her to the hospital, where she was operated on and stayed for twenty-two days. But she came home in as bad a fix as ever, and we both thought she never would be well any more.

"One night a friend called to see us and told me not to be discouraged, that Tanlac would help her. Well, I didn't sleep any that night from thinking about Tanlac and what my friend had said. Early the next morning I went down to the drug store and got a bottle of Tanlac, and before the end of the week I noticed a change for the better in my wife's condition. She began eating, and by the time she finished her fourth bottle she was doing all her housework. After taking six bottles, she felt so well she stopped taking it. She picked up twelve pounds in weight and said she felt as well as she ever did. I've never seen her looking better than she does right now. Just give me Tanlac, and you can have all the other medicines."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and leading druggists everywhere.
